PAINT AND COATING TECHNOLOGY - ONLINE INSTRUCTOR LED TRAINING TOPICS

Ref No	Title of Popular Topics	Duration (Hours)
KA 3	Paint and Coating Technology - Raw Materials used in Coatings and their related Technologies based on Module 1 to 3 covering overall introduction of all raw materials	18
KA 3A	Paint Technology – Additive and types used in paint and coatings	14
KA 3R	Paint Technology - Resin and Organic Film Forming Technology of resins used in paint and coatings	14
KA 3P	Paint Technology - Pigment Technology and types of pigments used in paint and coatings	14
KA 3S	Paint Technology - Solvent Chemistry and Its Safe Handling of chemicals used in paint and coating	7
KA 4	Understanding and Managing Paint and Coating Tests based on Module 9	9
KA 5	Understanding and Managing Paint and Coating Defects based on Module 10	14
KA 6	Understanding Colour Science and Colour Concepts (included Colour Adjustment tips)	7
KA 9	Understanding Substates (Material Technology), Substrate Pre-treatment and Paint Application Methodology based Module 4 to 6	14
KA 12	Smart Coatings™ : The Future of Paint Technology	7
KA 14	Automotive Paint Technology	7
KA 16	Automotive and Vehicle Refinish Paint Technology	14
KA 22	Paint Technology (Fundamental Level)	7
KA 24	Raw Material Technology used for Marine and General Industrial Paint Systems	14
KA 25	Introduction to Specialty Metal Coatings: Special Focus on Physical Vapor Deposition (PVD) and Silicone Wet Spray	7
KA 26	Sustainability In Coatings (Will be available in 2023)	7

Note:

1. More topics based on Paint and Coating are available and all topics can be tailor made to suit specific end needs, requirement and target audience.
2. To gain maximum benefit from these training programs, it is helpful that participants have basic chemical knowledge, product use exposure and basic English.
3. **Training time can be adjusted to the time zone of trainee**

K & A SYNERGY TECHNOLOGIES SDN BHD

Company No: 642883T

HRDCorp (Malaysia) approved Training Provider

TRAINING METHODOLOGY:

The training is designed and delivered in a course format with emphasis on real life examples, discussions and demonstration. It is :

- **Instructor Lead Training** (a trainer will be conducting and providing explanations during the training) with interactive sessions using graphics, animations, audio and videos.
- Clear and significant images and videos (where necessary).
- Interactive Q&A sessions, quizzes and workshop-based activities.
- Questions can be post to the trainer during the training for work related examples
- A **post assessment** will be conducted to gauge learning outcome of trainees.
- Use of power points, Kahoot and a choice of either Zoom /Microsoft Teams /Google meet.

TRAINING OPTIONS FOR ONLINE DELIVERY:

Option selection, dates and time must be predetermined upon confirmation.

Option A	Option B
<ul style="list-style-type: none">• 2 hours per session for 7 Days (14-hour sessions)• 2 hours per session for 9 Days (18-hour sessions)	<ul style="list-style-type: none">• 3.5 hours per session for 2 days (7-hour session)• 3 hours per session for 3 days (9- hour session)• 3.5 hours per session for 4 days (14-hour session)• 3 hours per session for 6 days (18-hour session)
<ul style="list-style-type: none">• 3.00 pm to 5.00 pm session based on time region Malaysia / Singapore /Philippines / Hong Kong• 2.00 pm to 4.00 pm based on time region Indonesia / Thailand/ Vietnam• Include online assessments at midpoint and at the end session	<ul style="list-style-type: none">• 2.00 pm to 5.00 pm for 3-hour session or 2.00 pm to 5.30 pm for 3.5-hour session based on time region of Malaysia / Singapore /Philippines / Hong Kong• 1.00 pm to 4.00 pm for 3-hour session or 1.00 pm to 4.30 pm for 3.5 -hour session based on time region Indonesia / Thailand/ Vietnam• Include online assessments at the end session
For in house sessions organized by company: Maximum pax per session: 15 persons Minimum pax per session: 5 persons	

OTHER REQUIREMENTS:

- Good and sound internet connection or WIFI connectivity (with no interruption)
- Laptop/ bench top computer or tablet
- Headset with mic (optional)
- All training material will be provided.
